Mr. Matthew Kenyon
President and CEO
Dana B. Kenyon Company
5772 Timuquana Road
Jacksonville, Florida 32210

Dear Mr. Kenyon: *Matt*

I read with great interest the recent article about the solar panels you have installed on the roof of your headquarters. Congratulations on having the largest such set up of any private company in Jacksonville. I hope others follow your lead.

Federal and state solar panel incentives now make this alternative form of energy a reality for businesses. It is a forward-thinking eco-friendly investment.

I wish you luck in your business pursuits. Being a "green company" will no doubt bring you many like-minded customers.

Sincerely,

John Peyton
Mayor
